

The preferred supplier of high-end hotel and residential equipment opens its doors and presents you :

The Vision & Luxury by AGATH

The first connected TV mirror entirely made in France.

The best of French technology and luxury.

A product designed to be environmentally friendly by using very little plastic and replacing it with metal, glass, wood and Corian.

AGATH TVs can also be upgraded over the years for a very long lifetime.

Choosing AGATH is not only a sign of good choice for you. It is also an excellent choice for the Earth.

Since AGATH was founded over 13 years ago, we have been equipping the most prestigious locations around the world.

Our mirrored TVs blend elegance, design and technology into your décor.

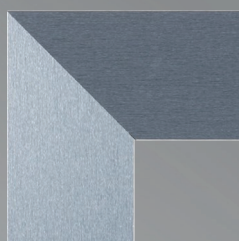

We present you today the VAL 4, concentrated technology, plug-and-play, easy and fast to install. This television will sublimate your interior by its unique and customizable design. And once extinguished, it will become a beautiful mirror.

The VAL4 has a multitude of options.
